During the year fifty-eight complaints against officers were investigated by the Board. The nature of complaints and disposition of cases is shown by Table VI.

There were twenty-four suits pending against members of the department at the close of 1892. Sixteen new suits and bills in equity have been brought and twenty disposed of during the past year, leaving twenty now pending. The city has not been asked during the past year to pay any money by reason of judgments recovered against police officers. All these cases have been defended by Mr. Isaac F. Paul, counsel for the department, and Mr. Paul has also prosecuted eighty-five criminal cases in the different courts, three-fourths of which were gambling or policy prosecutions. The salary paid Mr. Paul is inadequate to the services rendered and should be increased.

Horses.

On the first of December, 1892, there were 51 horses in the service. During the year 11 were sold and exchanged and 12 were purchased. At the present time there are 52 in service, as shown by Table VII.

Five thousand and twelve persons were arrested on warrants, and 40,186 without warrants; 911 persons were summoned by the court; 26,665 persons were held for trial, and 19,444 were released from custody. The number of males arrested was 41,056; of females, 5,053; of foreigners, 22,776, or, approximately, 49.3 per cent.; of minors, 5,247. Of the total number arrested, 16,872, or 36.5 per cent., were non-residents. (See Tables VIII., IX. and X.)

Of the total number of arrests for the year (46,109), 1,113 were for violations of the city ordinances; that is to say, one arrest in 41 was for such offence, or 2.41 per cent.

Sixty-two and seven-tenths per cent. of persons taken into custody were between the ages of twenty and forty. (See Table XII.)

The department made 73 raids on pool rooms, 163 raids on policy shops and 30 raids on other places where gambling was carried on. On these raids 653 persons were arrested and property to the amount of \$12,023.50 was seized. The Board renews the recommendation contained in its seventh annual report that provision be made for the disposition of property seized on these raids. A large amount has accumulated and the police department has no means of disposing of it. An amendment to Acts of 1887, chapter 448, authorizing the courts to condemn property seized where gambling implements were found, would meet the difficulty.

Attention is called to the fact that during the past year the legislatures of New York and Connecticut passed statutes which provide for the punishment of persons engaged in pool selling by imprisonment, instead of by a fine or imprisonment, as in this state. This is having the effect of enabling the police of those states to effectually suppress that form of gambling.

Bureau of Criminal Investigation.

The statistics of the work of this branch of the service are included in the statements of the general work of the department; but, as the duties are of a special character, the following statement will be of interest:—

The accidents include 96 deaths by railroad accident, 62, or 64.6 per cent., of which occurred within the city limits, and 34 outside of the city, but the injured were brought to our hospitals, where death resulted. The police boat Protector is becoming unserviceable and it will soon be necessary to replace her with a new boat. She was built in 1874, and it was soon ascertained that she was too small for the work required. In order to increase her capacity she was topped up from the water line, and this for a time answered the purpose, but it weakened her, so that now when she has grown old, and her timbers have decayed, she has become unsafe and cannot be used for many necessary purposes, such as clearing the channels of ice, towing large vessels or venturing into rough water to assist vessels in distress. In addition to the unsafe condition of her hull, her engines are too small for the speed required in the harbor service, or for doing the heavy work which is expected from her.

Licenses.

The total number of licenses issued of all kinds, except for the sale of intoxicating liquor, was 22,182; transferred, 126; cancelled and revoked, 1,628. The officers investigated 274 complaints arising under these licenses, and 54 hearings were given by the Board on these complaints. The fees collected and paid into the city treasury amounted to \$33,693.35. (See Table XIII.)

Ambulance Service.

Two ambulances have been built for the department during the year. One was stationed in Division 15 and went into service Aug. 25, 1893, and the other will be placed in Division 13 as soon as the stable is completed. The five police ambulances now in service are stationed in divisions 1, 4, 7, 11 and 15. Ambulance No. 1 made 374 runs, and conveyed 337 persons to the hospitals, 15 home and 18 to other places. Ambulance No. 2 made 482 runs, and conveyed 449 persons to the hospitals, 18 home and 15 to other places. Ambulance No. 3 made 103 runs, and conveyed 87 persons to the hospitals, 14 home and 2 to other places. Ambulance No. 4 made 40 runs, and conveyed 32 persons to the hospitals, 4 home, and 2 to other places. Ambulance No. 5 made 28 runs, and conveyed 22 persons to the hospitals, 4 home and 2 to other places. (See Table XIV.)

The number of sick and injured persons who receive assistance at the several station houses is increasing every year. Since 1887, 16,271 persons have been assisted, an average of 2,324 per year.

SALE OF INTOXICATING LIQUOR.

The total number of places licensed for the sale of intoxicating liquor on the first day of May, 1893 (not including druggists and clubs), was 896, being one to every 500 of the population, based on the census of 1890. Of these, 682 are licensed to sell to be drunk on the premises, or one to every 658 of the population.

During the year the licenses of 18 places were surrendered and cancelled, but new licenses were issued in their places.

The following gives the number of licensed places Nov. 30, 1893:—

First Innholder "A,"	50
First Innholder "B,"	9

There were 272 druggist and 46 special club licenses issued. Of these, 8 druggist licenses were cancelled.

Number of hearings given,	15
Number of places where licenses were forfeited (licenses of 1892),	2

Six hundred and thirty-eight persons were arrested for violation of the liquor law, 104 more than in 1892, and of these 60.8 per cent. were of foreign birth.

FINANCIAL.

Requisitions were made on the city council for the sum of \$1,246,826.52, to meet the running expenses of the department, including the pensioned police officers, house of detention and station-house matrons, for the present financial year.

The total expenditures for police purposes during the past year, including the pensions, house of detention, station-house matrons and liquor-license expenses, but exclusive of the cost of the police-signal system, were \$1,219,029 45. From this should be deducted the amount received for uniform cloth, etc., and paid into the treasury, \$10,927.25—leaving the net cost for maintaining the department, \$1,208,102.20.

The total revenue paid into the city treasury from fees for licenses over which the police have supervision was \$1,097,726.35. (See Table XV.)

The cost of maintaining the police-signal system during the year was \$50,202.41. (See Table XVI.)

The Board recommends that the salary of the clerk of the department be increased to an amount equal to that paid to corresponding officers in other departments of the city.

* Four hundred and eighty thousand.

PENSIONS AND BENEFITS.

December 1st, 1892, there were seventy-three pensioners on the roll. During the year twelve died and forty-nine were added, viz., three captains, one inspector, five lieutenants, four sergeants, thirty-three patrolmen, one assistant-inspector, one house watchman and one steward, leaving one hundred and ten on the roll at date. The large increase in the number of pensioners is due to the fact that most of them were pensioned under the Act of 1892, which provides for compulsory retirement at the age of sixty-five. The pensions of all persons retired prior to 1892, on one-third pay, were increased to one-half pay by the legislature of the present year (Chapter 51, Acts of 1893). A list of pensioners will be found in Table XVII. The payments on account of pensions during the past year amounted to \$61,085.31, and it is estimated that \$69,500 will be required for this purpose in 1894.

The invested fund of the Police Charitable Fund on the 30th of November, 1893, amounted to \$207,550; cash in treasury, \$2,911.78; income unexpended, \$2,911.78. There were fifty-eight beneficiaries.

The invested fund of the Police Relief Association now amounts to \$53,860.65. The payments for the year amounted to \$21,263.25.

POLICE SIGNAL SYSTEM.

Mr. Henry A. Chase was appointed Director of Signal Service, to succeed Lieut. Henry A. Goodwin, retired. Mr. Chase has served as electrician of the department since the signal service was introduced.

There are now in use eleven wagons, ten pungs and twenty-five horses in the patrol service, and one wagon and two horses in the repair department. Five spare patrol wagons are kept in reserve.

During the year the wagons made 29,945 runs, covering an aggregate distance of 21,935 miles. Thirty-one thousand three hundred and four prisoners were conveyed to the station-houses; 1,021 injured and insane persons were taken to station-houses, the hospitals or their homes; and 500 lost children were taken to station-houses. There were

392 runs to fires, and 405 runs for liquor seizures. There are 419 signal boxes in use, arranged in fifty-eight circuits.

There were 145,261 telephone messages and 2,365,276 "on duty" calls sent over the lines. (See Table XVIII.)

The expense of changing wires, in order to protect the service from electric wires carrying high tension currents, has been very large and adds fully fifty per cent to the cost of maintenance. Three circuits have been changed to metallic telephone service. Twenty miles of cable and twelve miles of single line wire have been put up.

BUILDINGS.

The new station-house in Division 14 was occupied October 9, 1893. It is a well built, commodious building, containing all modern improvements, and, architecturally, an ornament to the locality. The appropriation was not sufficient to erect a wagon-house and stable in connection with the station-house, as contemplated in the original plan, and the old stable is still in use. As soon as convenient it is hoped that means will be provided for building a new stable.

The addition to station-house 13, containing a wagon-house and stable, is not yet completed.

Considerable difficulty has been experienced in getting the necessary repairs made on the several station houses, in consequence of the public building department not having a sufficient appropriation for the purpose, and in some cases the police department has been compelled to pay for such repairs from its appropriation, although the expense was not included in the annual estimates.

The Board desires to consolidate Divisions 6 and 12, and include all South Boston in one police division. The work could be done much more effectually and at less expense than now. To do this would necessitate the erection of a new station-house in a central location, large enough to accommodate the force now serving in the two divisions, and a stable to accommodate the patrol wagon and an ambulance, which is much needed in that section of the city. It is the intention of the Board to request the city council to erect a station-house during the coming year.

CONCLUSION.

Attention is called to the fact that the statistics of arrests show a decrease in almost all the serious offences against the law, a result largely attributable to the efficiency of the police in preventing crime. Considering the opportunities which are afforded the criminal classes in the large area which is left exposed and the amount of property which is left unguarded by its owners, the fact that there is not an increase in the number of offences speaks well for the vigilance of the force, and merits the commendation of the public.

Respectfully submitted,

A. T. WHITING,
WILLIAM H. LEE,
ROBT. F. CLARK,
Board of Police.
